

I ask that you reject ALL the anti-civil rights legislation in front of you.

OLR Report 2013-R-0174 (2008-1012) states the following

30% Conviction rate for **Illegal Transfer of Pistol Or Revolver**

48% Conviction rate for **Carrying a Pistol Without A Permit**

18% Conviction rate for **Altering A Firearm Serial Number**

18% Conviction rate for **Using A Firearm To Commit A Class A, B, Or C Felony**

20% Conviction rate for **1<sup>st</sup> Degree Kidnapping With A Firearm**

29% Conviction rate for **Stealing A Firearm**

46% Conviction rate for **Criminal Possession Of A Firearm**

86% Conviction rate for **1<sup>st</sup> Degree Manslaughter With A Firearm**

Does anyone have an answer as to why these rates are so low? (unless you kill someone, then it seems the system works) This is pathetic. I ask for NO MORE LAWS until we figure out what is going on with our justice system and get ALL these rates up to 85% plus. How can you in good faith even be debating more laws when we are not enforcing the ones we have?

I thank all of you for your time and service.
